

# **From the Principal's Desk**

May 2, 2016

If you attended The Party Saturday night you know what a fantastic evening it was. Even though the final tally is not in, I believe it was Flatirons most successful Party event thus far! We had great food, wonderful music, terrific conversation and camaraderie. We had an amazing turnout of Flatirons supporters and staff. This would not have been possible without our incredible PTO event leaders and volunteers, donors and supportive families and staff.

The Party allows all of our programs: para-professionals, teacher professional development and school events to be funded, including new this year the Flatirons Innovative Learning Lab (iLab). As Boulder Valley School District struggles to provide the budgets to make our schools outstanding, we know that through our teachers, staff and highly supportive PTO we can continue to bring exceptional opportunities and resources to Flatirons Elementary.

I would like to thank you for all of your dedicated and continued support and wish you a successful end of the school year and restful summer. We look forward to another exceptional and impactful year in 2016-2017!

Scott
